

Thumbprint Animals

- 1- This project only requires a stamp pad, a sheet of light colored paper and a colored marker to make some fun animals.**
- 2- Press your thumb lightly onto an inkpad so that the end of your finger is covered with ink.**
- 3- Now press your thumb onto the sheet of paper so that your thumb makes a print.**
- 4- When the ink dries , take your colored marker and draw the parts that create an animal .**
- 5- You can start out by copying the animals in the photo, and then create your own.**
- 6- Make your own zoo!**
